

Objective

I am interested in joining a company where my skills and experience in graphic design and production will be fully utilized and provide more opportunities for professional and creative development. I like to strive to be a better designer and improve my creativity. By doing so, I assist in making my potential employer better too.

Technical Skills / Proficiencies

- **Photoshop:** design backgrounds, photo retouching, photo manipulation, web templates & layouts, and special effects
- **Illustrator:** design logos, stationary, conceptual illustrations, technical drawings, symbols, icons, posters & flyers, and labels
- **InDesign:** design brochures, manuals, catalogs, posters, newsletters, postcards, and cards
- **Fireworks:** design website layouts & templates, navigation bars, buttons, and web banners
- **Flash:** design web banners, slide presentations, websites, and CD/DVD presentations
- **Dreamweaver:** design web templates, landing pages, site structure, database connection, and server connection
- **HTML / PHP / Java Script**
- **Premiere:** edit digital video(s), create title & credit sequences, and output the video format
- **After Effects:** create effects, elaborate motion titles, DVD menus, and custom video editing
- **FlexiSign PRO:** create & layout environmental signage, city drawings, logos, and signage preparation for production.
- **MS Office Premium Suite:** create manuals, cards, send emails, table structure & info, charts & diagrams, and powerpoint slides & presentations
- **PC & Mac Operating Systems**

Experience**08/2005-07/2010****Sunny Neon Inc****Pleasant Hill, CA**

- Graphic Specialist
- I was responsible for conceptualizing, producing & installing a variety of environmental signage. I also created estimates for company clients & discussed their signage needs. Communicate with vendors for supplies and/or completed signage.

02/2004-Current**Millennium Man Grafix****Pittsburg, CA**

- Freelance Graphic Designer
- Discuss with clients about their design needs. Then create the necessary design piece from: Ads, Magazine Covers, CD Covers, Illustrations, DVD Covers, Packaging, Websites, Flyers, Posters, Digital Mates, Layouts, Motion Graphics, and much more.

03/2003-08/2005**Kelly Moore Paints****Pleasant Hill, CA**

- Delivery Driver
- My duties included assisting customers with their painting needs, handling money, custom color matching, delivering and picking up paint materials.

08/2000-02/2003**Denny's****Concord, CA**

- Server
- My duties included greeting guest, taking and placing orders, handling money and food, and maintaining an orderly work station.
